

ATAMYA GmbH

ATAMYA - the cloud-native PIM for modern product data management. Product data can be gathered, refined, and distributed in a centralized manner. This way, ATAMYA brings structure, tempo, and quality into your data processes. Staying true to its API-first principle, ATAMYA enables maximum flexibility. With a flexible data model, an integrated workflow engine, and AI tools such as DeepL, ATAMYA convinces with its modular, multi-domain platform. Perfectly adjustable to any system environment.
